

ranges.hpp

```
graph TD; A[ranges.hpp] --> B[ranges]; A --> C[iterator];
```

A diagram illustrating the structure of the `ranges` library. At the top is a gray box labeled `ranges.hpp`. Two blue arrows point downwards from this box to two separate white boxes below it. The left box is labeled `ranges` and the right box is labeled `iterator`. This indicates that the `ranges.hpp` header file includes both the `ranges` and `iterator` components.
