

utility.hpp

```
graph TD; A[utility.hpp] --> B[tuple]; A --> C[type_traits];
```

A diagram illustrating a header file structure. At the top is a gray rectangular box labeled 'utility.hpp'. Two dark blue arrows originate from the bottom edge of this box. The left arrow points to a white rectangular box labeled 'tuple'. The right arrow points to a white rectangular box labeled 'type_traits'. All boxes have a thin black border.
