

```
utils::meta::concat  
< slice_t< Tuple, 0,  
  Idx >, std::tuple< T  
>, slice_t< Tuple, Idx+1 > >
```

```
utils::meta::replace  
< Tuple, Idx, T >
```

A blue arrow points from the right box to the left box, indicating that the replace function is used to construct the concatenated tuple.
