

```
utils::detail::string  
_interface< CharT, std  
::char_traits< CharT > >
```

A diagram showing a relationship between two C++ classes. A light gray box at the top contains the code `utils::detail::string_interface< CharT, std::char_traits< CharT > >`. A dark gray box at the bottom contains the code `utils::basic_static_string< CharT, N, Traits >`. A blue arrow points from the bottom box to the top box, indicating that the bottom class inherits from or is a specialization of the top class.

```
utils::basic_static  
_string< CharT, N, Traits >
```
